The University of Auckland

October 2025

ABSTRACT

Abstract goes here.

DECLARATION

Student

I hereby declare that:

1. This report is the result of the final year project work carried out by my project partner (see cover page) and I under the guidance of our supervisor (see cover page) in the 2024 academic year at the Department Engineering Science and Biomedical Engineering, Faculty of Engineering, University of Auckland.
2. This report is not the outcome of work done previously.
3. This report is not the outcome of work done in collaboration, except that with a potential project sponsor (if any) as stated in the text.
4. This report is not the same as any report, thesis, conference article or journal paper, or any other publication or unpublished work in any format.

In the case of a continuing project, please state clearly what has been developed during the project and what was available from previous year(s): **< DELETE AND STATE NEW DEVELOPMENT IF APPLICABLE >**

To declare your use of generative AI tools, please state clearly what generative AI tools have been used and in which aspect of the project: **< DELETE AND INSERT DESCRIPTION OF AI USE >**

The word count of this report is the following (must be 8,000-12,000 words, and a maximum length of 25 pages): **<DELETE AND INSERT WORD COUNT>**
